

Information and Electric Engineering College of Panzhihua University

A、specialties

Four-year undergraduate course

Electric Engineering and Automation

Automation

Measurement and Controlling Technology and Instrument

Electronic Information Engineering

Specialty of three- year special course

Industrial Electric Automation

Applied Electronic Technology

B、Number of full-time students

1087 undergraduate course students

151 special course students

Total students 1238

C、Teaching staff

2 professors

6 doctors

14 associate professors

27 masters

28 lecturers

D、Laboratory

- 1、 Computer software laboratory
- 2、 Electric drive control system laboratory
- 3、 Electrical machinery laboratory
- 4、 Computer hardware laboratory
- 5、 Automatic control principle laboratory
- 6、 PLC laboratory
- 7、 Computer assembling laboratory
- 8、 EDA laboratory

E、Scientific research achievements

Once awarded provincial third prize for education innovation achievement.

Once awarded provincial third prize for science and technology advancement achievement.

Once awarded municipal third prize for science and technology advancement achievement.
